Step 5: Upgrade the course (REQUIRED for FSE 150)

Once you are back on your dashboard, click the "Access Course" button. This will prompt you to either "Upgrade this course" or "Preview this course." Because you want academic credit for FSE 150, then you will need to upgrade.

There is a \$25 cost to upgrade.

Upgrading a course means you are put onto the credit eligible track and once you pass all course requirements, you can add the course to your transcript.

View your past courses

After you click on the Access Course button, you will be asked if you'd like to upgrade the course:

Step 6: Because you opted to upgrade the course, you will be prompted through payment screens and PayPal to complete the transaction. The following screenshots show this process.

T	Brief Calculus: Calculus for Business and Credit Eligible Track	Economics \$	25
	About the Credit Eligible Track Before you can earn credit for a course, you must:		
	Verify your identity Complete exam proctoring Receive a passing grade in your course(s)

Thank you.

Your identity verification is in progress.

We have received your information and are verifying your identity. You will see a message on your dashboard when the verification process is complete (usually within 1-2 days). In the meantime, you can still access all available course content.

Step 8: Access your course

Once you have upgraded and verified your identity, you can click the Access Course button from your dashboard to enter the course.
